

Supreme Athlete: Sports Mentoring Program

Our Mission

Supreme Athlete mission is to serve communities by reaching and teaching our youth through academics and athletics. Our work focuses on the academic, social, and athletic development of our youth.

What is youth mentoring?

Mentoring occurs when an older individual engages in building a healthy, trusting relationship with a younger person. Mentors provide support, guidance, friendship, role modeling, assistance, and an attentive ear. Informal (or non-structured) mentoring takes place in all type of youth programs and services. Teachers, coaches, tutors, counselors, scout leaders, other professionals, and even family members all regularly provide mentoring to young people. Such contact may be valuable and it may be “mentoring” but it is not always a “mentoring program.”

Our purpose

Our vision is to have a comprehensive sports mentoring program, which includes Football, Basketball, Track, Boxing, and Academic support. SA will sponsor our youths who compete in state wide competitions as well as national competitions in age groups served. SA will assist our students’ transition throughout each level of education from elementary to college and to the professional level. We believe a well-developed youngster will lead itself to a prosperous nation; therefore we invest fully in the cultivating process of our children. We will devote time and attention in our future Engineers, Lawyers, Teachers, Scientists, Social Workers, and Athletes.

Our programs include:

- Personal Development – Personal Growth & Development focuses on the overall well-being or life management of the student/athlete. Our staff will cover a wide range of essential elements to the evolution of the student/athlete.
- Academic Development – Academic Development of our student/athletes is the life blood of our programming. Our staff are college grads and understand the importance of implementing effective strategies to mitigate the possibility of losing focus on the numerous tasks that school may present. Student athletes assigned to a mentor will gain access to on-line SAT/ACT courses through our “Schoolology” web based program.
- Financial Literacy - The purpose of this program is to expand the knowledge base of our youths when it comes to financial stability.
- Athletic Development – Athletic Development is a holistic approach towards achieving the greatest impact of our student/athletes. Each athlete possess a base level skill-set. It isn’t until their Supreme ability is educed from within. Our staff have extensive knowledge in sports science and the overall maintenance of the body which is why we have decided to focus on the most crucial aspects of an athlete development

- Career Competency/Job Readiness Training – The purpose of this program is to partner up with community based organizations to educate youth in Basic Skills, Customer Service, Computer Literacy, Problem Solving and Decision Making, Interpersonal Communications, Personal Qualities, and Job Seeking Skills.
